

SAKSIT JANTILA

SENIOR ACCOUNT ENGINEER - CYBERSECURITY

9/66 Charan Sanit Wong Rd, Bang O, Bang Phlat, Bangkok 10700
Email: saksit.jantila@gmail.com | Tel: +66874304719

SUMMARY

My career has equipped me with critical skills such as adaptability, resilience, and advanced problem-solving. I am passionate about connecting with the professional community, sharing knowledge, and contributing to successful project outcomes in the ever-changing world of Information Technology, cybersecurity, and AI.

PROFESSIONAL EXPERIENCE

Sr. Account Engineer - Cybersecurity, at AIT**Apr 2024 - Present**

- Led the coordination of the cybersecurity project, collaborating with partners to implement effective cybersecurity solutions (e.g., SIEM, SOAR, SOC as a service).
- Advised on best practices in compliance with standards such as NIST and ISO 27001, as well as regulatory guidelines like those from the NCSA for our clients.
- Developed workflow processes for the Security Operations Center (SOC) or SOC as a service within the project, ensuring high-quality Managed Security Service Provider (MSSP) services.

Sr. Account Engineer - Government, at AIT**Apr 2019 - Apr 2024**

- Designed and executed enhancements for the Software Defined Network (SDN).
- Led project-based installations and maintenance of SDN and security technologies, specifically Cisco products such as Cisco SD-Access and Cisco Firepower.
- Offered technical expertise in network security, collaborating with partners on solutions including firewalls (Palo Alto, Fortinet) and endpoint security (Palo Cortex XDR) and more.

Outsource Engineer, at Advanced Information Technology PCL. (AIT)**Oct 2016 - Apr 2019**

- Implementation of Core Network and Security Infrastructure On-Site
- SLA Coverage for Maintenance Services
- Offered technical expertise, leading to a decrease in system failures.

EDUCATION

Master’s Degree from Business Administration - GPA: 3.68**2024 - 2026**

National Institute of Development Administration (NIDA)

- Major: Finance and Management Information Systems (MIS)

Master’s Degree from Computer Engineering - GPA: 3.50**2014 - 2016**

Khon Kaen University (KKU)

- Software-defined networking and IT security research.
- Publishing a journal article titled “A Security Analysis of a Hybrid Mechanism to Defend DDoS Attacks” at IEEECON 2016.

Bachelor’s Degree from Computer Engineering - GPA: 3.21**2010 - 2014**

Khon Kaen University (KKU)

- Completed coursework centered on Network and Signaling Communication.
- Engaged in relevant studies emphasizing Software Development.

ADDITIONAL INFORMATION

- **Languages:** English, Thai.
- **Certifications:** Certified Information Systems Security Professional (CISSP), Certified Ethical Hacker (CEH), CCNP-Enterprise, CCNP-Security, Fortinet Certified Fundamentals Cybersecurity (FCP), PCNSE, PMI-ACP, Security Analyst Level 1 (SAL1), CompTIA Cybersecurity Analyst (CySA+), AI Solutions on Cisco Infrastructure Essentials.
- **Awards/Activities:** Great Employee of the Year (2024), CSAI Development Team, AI Literacy Instructor.

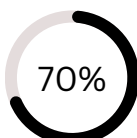

PROJECTS

Sr. Account Engineer - Cybersecurity	2024-Present
• The Secretariat of the House of Representatives (Thai Parliament) • Bank of Thailand (BOT) • National Cyber Security Agency (NCSA) • Department of Lands (DOL) • Geo-Informatics and Space Technology Development Agency (GISTDA)	
Sr.Account Engineer - Government	2019-2024
• Digital Government Development Agency (Public Organization) (DGA) • National Science and Technology Development Agency (NSTDA) • Deposit Protection Agency (DPA) • The Government Lottery Office (GLO) • Thai Red Cross Society (TRCS) • King Chulalongkorn Memorial Hospital (KCMH) • Ministry of Finance (MOF) • Metropolitan Waterworks Authority (MWA)	
Outsource Engineer	2016-2019
• Department of Provincial Administrator (DOPA)	

PERSONALITY SKILLS

Critical Thinking	Agility	Leadership
Problem Solving	Creative Thinking	Empathy and Active Listening
Motivation and Self-Awareness	Self-Taught	

HARD SKILLS

Project Management	Network and Cybersecurity	AI & Data Analytics
		
Cloud Security	SOC & MSSP	Standard & Compliance
